

OKLAHOMA STATE SCIENCE AND ENGINEERING FAIR

SPONSORSHIP OPPORTUNITIES

On **March 28-30, 2019**, more than 150 of the state's brightest junior high and high school science, technology, engineering, and mathematics students will travel to Stillwater for the opportunity to present at the Oklahoma State Science and Engineering Fair (OSSEF). These students, who placed 1st, 2nd, or 3rd in regional science fairs throughout Oklahoma, will compete for the chance to represent our state in the Intel International Science and Engineering Fair in Phoenix, Arizona, in May 2019.

The purpose of the Oklahoma State Science and Engineering Fair is to challenge and engage students in **STEM research** and to provide them with a venue to disseminate their research findings.

PROJECT CATEGORIES

Botany/Plant Science
Chemistry
Computer Science
Environmental Science
Mathematics
Medical & Health Science
Microbiology & Biochemistry
Physics & Astronomy
Social & Behavioral Sciences
Zoology & Animal Science

The science fair program develops skills that are essential in preparation for undergraduate and graduate degrees. These include academic writing, verbal, written and spoken communication, and problem-solving skills.

The leaders of tomorrow's STEM and business industries are competing in today's Oklahoma State Science and Engineering Fair. **Support your future workforce and become a sponsor today!**

“OSU is honored to be the new host for the Oklahoma State Science and Engineering Fair and oversight manager for the seven Oklahoma Regional Sciences Fairs across the state. There has never been a greater need for STEM students in our world, and we welcome this opportunity.”

— V. Burns Hargis, OSU President

On behalf of Oklahoma State University, the OSU Foundation invites you to make an investment in the scientific and economic future of the State of Oklahoma through a yearly sponsorship of the Oklahoma State Science and Engineering Fair at the **Nobel Laureate, Innovator, Mentor, or Motivator level** (details on back).
